Mr. Lind,

Karen has the recorder and will be bringing it in this afternoon or tomorrow morning for me to make the copy of the meeting for you. I will call you as soon as the CD is made. Thank you.

I want to thank you for your gracious apology and do accept it.

I am wondering in light of your earlier communications in regards to audio CD's of the meetings, "I anticipate the following day would be workable", when I might be able to get this for the last Planning Commission meeting.

Sincerely,
Stephen G. Lind, PE

Mr. Lind,

I apologize for the mix up yesterday. I was home doing minutes and forgot to relay to Mrs.

Murphy

that you had paid for the Planning Commission packets and meeting CDs. The Planning Commission meeting snuck up on me. Council packets will be ready by Thursday afternoon by 4pm

and will be at the front counter for your convenience. Thank you.

Arlen,

There is only one person that paid for a packet is Steve Lind and he is called as soon as they are ready. Council Agenda are in the lobby and at the library the Friday before the meeting.

Subject: Council Packets?

Tom,

I have heard from some that the Town is not sending out the Council Packets, even to those that have paid for the subscription.

I think that these subscribed Packets should be a priority for prompt and timely delivery.

Citizens are becoming very wary and distrustful of the Town government and every effort should be made to make it as transparent as possible.

I rely on Steve Lind's site to keep informed of the Town Council's actions until I can personally attend the meetings. The Town's site appears to be a "no show" on information.

Sincerely ,
Arlen Paranto
